

### **The Royal Automobile Club of Australia**

Annual Motoring dinner recognises the pursuit of excellence and significant contribution to the motor car and the automotive industry at large.

This year the RACA is celebrating the outstanding contributions Bill Buckle OAM has made to the Australian automotive landscape. Personally it may be said that, Bill Buckle has quietly operated under the radar, however the wide reaching impact of his achievements stand permanently and proudly as contributing to Australian motoring heritage.

### ***“Buckle Up and Live”***

The noted motoring journalist and commentator David Berthon will host the evening. He will bring to life the many and varied automotive pursuits that Bill Buckle has been involved with, lead and driven - Always at the forefront of the next development and adventure.

The Royal Automobile Club of Australia, was established in 1903 as a body to represent motorists with regard to early state legislation and extend the range of “pleasure driving” in New South Wales. It is uniquely positioned to host this event honouring one who has been part of a broad cross section of the Australian motoring scene for more than 60 years, whether it be importing, distribution, retailing, racing, designing or manufacturing motor cars.

Naturally, there will be an “appropriate” car on display to compliment our guest of honour.
